Please note that if an employer wishes to split a payroll week that straddles a rate change day (June 1 or December 1) and pay the early part of the week at the lower contribution rate, then those contributions at the lower rates need to be remitted with the remainder of the contributions for that earlier month (May or November). If those contributions are held and remitted with the contributions for the later month (June or December), they are late and will result in interest charges.

The Funds Office has rolled out an Employer Self Service (ESS) reporting portal. If you have not received your login information, please contact the Funds Office via email at contributions@local4funds.org, or by calling 508-533-1400 and select 1.

Copies of the Massachusetts, Maine & New Hampshire/Highway/Building wage schedules follow this letter.
