
The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-888-486-3524. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.local4funds.org or www.healthcare.gov/sbc-glossary/ or call 1-800-486-3524 for a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network: $200 Individual/$400 Family per calendar year. Out-of-Network: $300 Individual/$600 Family per calendar year.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the overall family deductible is met.
Are there services covered before you meet your deductible?	Yes. The calendar-year deductible does not apply to services that are subject to a copay or covered at no cost to you (such as certain preventive care).	This plan covers some items and services even if you haven't yet met the deductible amount. But a copay may still apply. For example, a physician office visit will be covered at a $10 copay even if you haven't met the deductible amount. Further, this plan covers certain preventive services, such as a routine adult physical, without cost sharing and before you meet your deductible.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see the remainder of the SBC for other costs for plan services.
What is the out-of-pocket limit for this plan?	$7,350 Individual/$14,700 Family, per calendar year.	The out-of-pocket limit is the most you could pay in a calendar year for covered services. If your spouse or other dependents are in the plan, your obligation to pay ends when the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care that this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. For a list of network providers, call 1-800-810-2583 or see www.bluecrossma.com.	The plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between its charge and what the plan pays (balance billing). Be aware, your network provider may use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist of your choice without a referral.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
